

EKS Q&A

Please wait and mute your mic we will start at approximately 1:35 pm (AEDT)

EKS Q&A | Introduction

#	Agenda Item
1	Introduction
2	What is EKS and how will it affect me?
3	An update on the EKS migration so far
4	Questions
5	Closing remarks

Today's panel

Yvonne Norris
GovCMS

Shona Barton
Salsa Digital

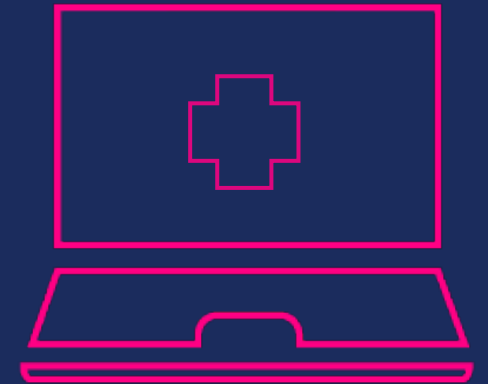

What is EKS?

- Elastic Kubernetes Service
- a managed service
- provided by Amazon AWS
- Sites grouped into clusters

How will it affect you?

- Will affect all our customers – SaaS & PaaS
- You should not notice the change

EKS Timeline

30

OCT

- 30 env
- 6.91 % complete

6

Nov

- 90 env
- 27.6% complete

13

Nov

- 61 env
- 42 % complete

20

DEC

- 76 env

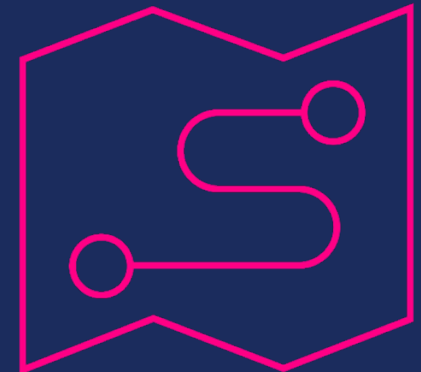

How do I prepare ?

- Review your environments
- Finalise any active development
- Third party integrations
- Plan for a short code and content freeze

What do I do after?

- DO
 - A post migration test
 - Tidy up unnecessary feature branches
- DON'T
 - Create a test content on the production
