	<p>we did not implement, will require some hours to be spent to transition in.</p>	
<b>After hours call out fee</b>	<p>For most of our clients, we provide business hours support between the hours of 9am and 6pm Eastern Standard time. This meets most client’s needs. When unexpected issues occur that require quick attention, ICEMEDIA works with our clients to resolve critical issues as quickly as possible.</p> <p>Based on the history of no out of hour requests, ICEMEDIA suggests we tailor a support agreement to meet our client's specific needs. Our recommendation includes:</p> <ol style="list-style-type: none"><li>1. We will provide you with contact details of staff who will be able to assist and rally other team members together if needed.</li><li>2. ICEMEDIA will charge 200% of our regular hourly rate when response is required after hours.</li><li>3. ICEMEDIA will charge a minimum of 1 hour for each request even if the issue is resolved in less than an hour</li><li>4. If events, campaigns or high demand activities are planned, look at adjusting the support arrangements for a period of time, and this can include on call staff or staff in place out of hours. Costs are subject to negotiation.</li></ol>	<b>\$300.00</b>

	12 months, we allow rolling over of hours for up to the quarter before restarting again.	
<b>20 hours application and development support</b>	No conditions or additional offerings	<b>\$5,132.00</b>
<b>50 hours application and development support</b>	No conditions or additional offerings	<b>\$12,054.00</b>
<b>After hours call out fee</b>	<p>Yes - we are happy to offer after hours services. In this example we are using the rate for an associate Drupal developer who is required to work after hours. All after hours will be charged at a 2.5 multiplier to any existing on-going Drupal Services Rates/Package. We also apply a minimum of 4 hours for any after hours call out.</p> <p>For example, an after hours call out at 12 midnight and is resolved at 2am will be charged at 4 hours (minimum) x 2.5 = 10 hours. This will be deducted from the pool of hours.</p> <p>We also offer 24/7 managed services packages using our onshore managed services team. Full pricing is available depending upon SLA and response times.</p>	<b>\$1,790.00</b>
