start at 2:05pm

# July Drupal 11 Information Session

# Agenda

# Project Timeline

# Objectives & Approach Recap

## Objectives:

*Create a secure D11 Distribution  
then upgrade SaaS websites from Drupal Core 10.5.x to 11.2.x*

## Approach:

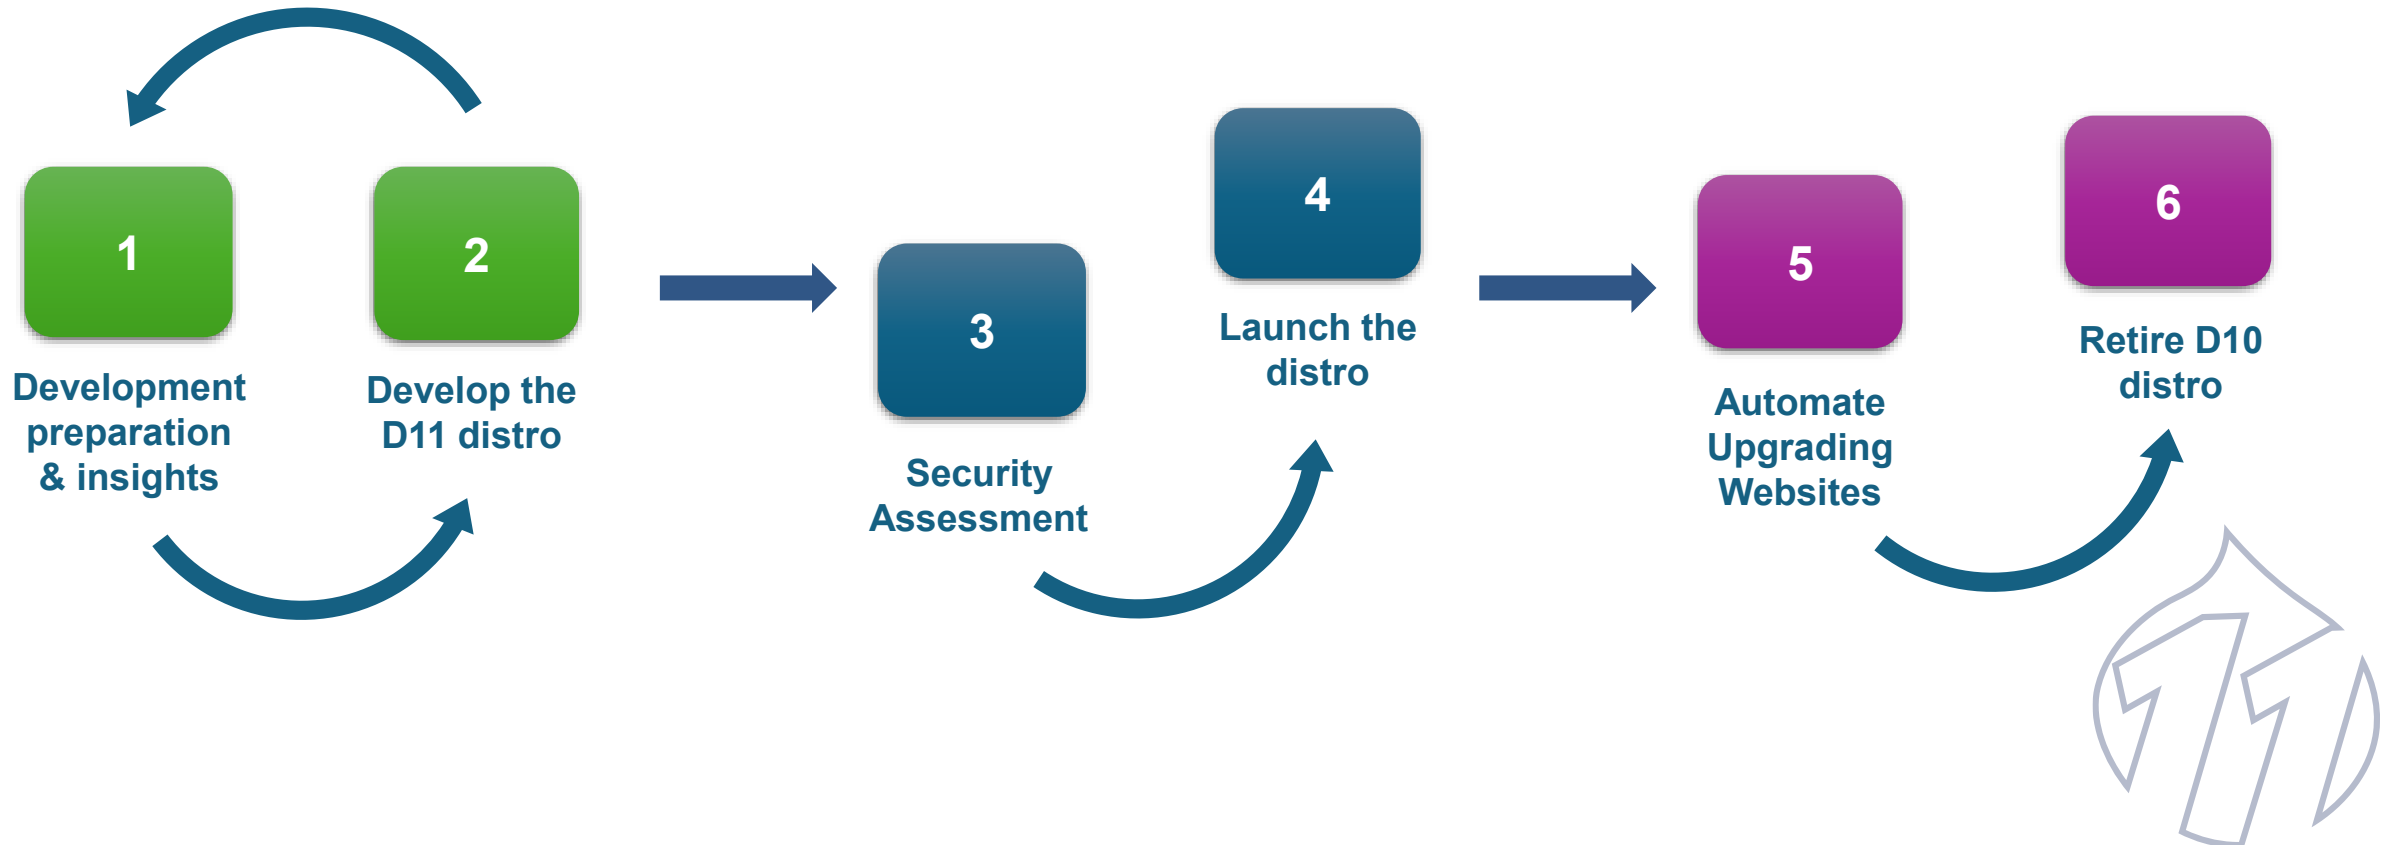

# Approach Breakdown

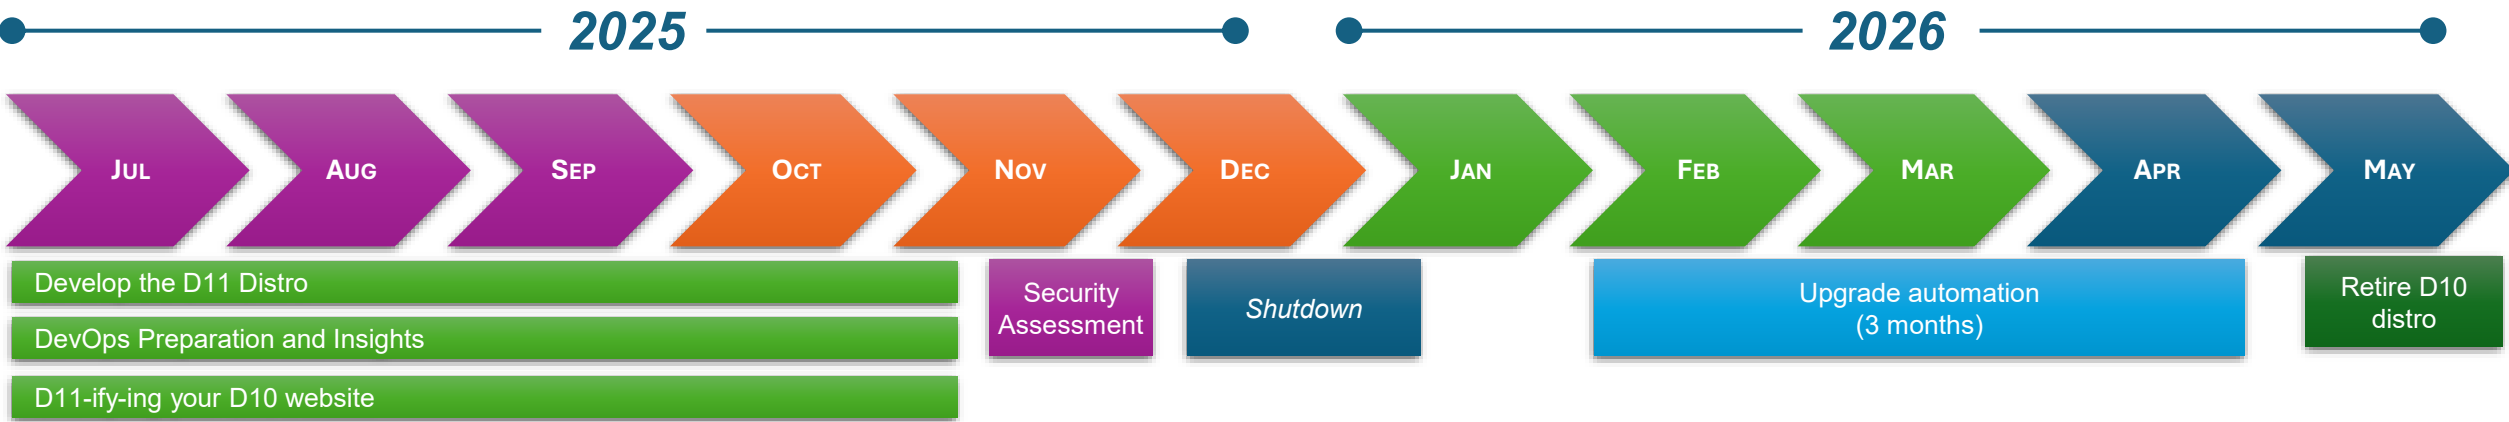

Drupal 11 Foundations

Security Assessment

Websites Upgrades

# Key Dates & Milestones

| Timeframe    | Milestone Description                             |
|--------------|---|
| June 25      | ✓ Move to Drupal 10.4 Core                        |
|              | ✓ Drupal Core 10.3 is EOL                         |
|              | ✓ Drupal Core 10.5 is released                    |
|              | ✓ Drupal Core 11.2 is released                    |
| August 25    | Preview of Drupal 10.5 Core                       |
| September 25 | Move to Drupal 10.5 Core                          |
| June 26      | Drupal Core 10.5 is EOL & ceases Security Support |

# Automated Upgrade Process

# State of Play

*Since Birthday Meet-Up*

# Distribution Update

@ 3.26.0

76

in Distro

21

Ready

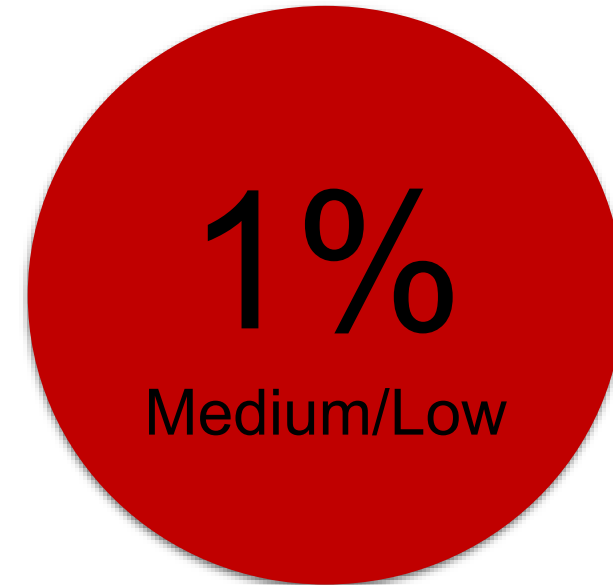

1

Medium/Low

# Distribution Update

@ 3.26.0

# 1 simpleSAMLphp Authentication

## Single Sign-On

- Upstream dependency → uses an older version of Symfony
- Drupal 11 compatible release is scheduled for November-December 2025

## Plan ?

- Will not be included in D11 → *temporarily*
- Then when it's D11 ready → added into the distribution
- Upgrade timeframe maybe towards the end eg April

# What's New in D11?

## Book module

- Is being removed from Drupal 11 Core
- Currently in use by 35+ projects
- Contrib equivalent will be added to the distribution

## Better Exposed Filters (BEF) Module

- Required by Facets module going forward

## Session Limit Module

- Nice to have
- Undergoing a Threat and Risk Assessment

# Upgrade Schedule

350 projects / 12 groups = average 30 projects in a group

*D8 → D9 had an average 20 projects in a group (170 / 8) over 4 ½ months*

*D9 → D10 had an average 25 projects in a group (300 / 12) a little under 3 months*

# Website Upgrades → SaaS

1. [We] Create D11 feature branch
2. [You] Identify and fix any issues
3. [We] Merge D11 website to become LIVE

*via Service Desk ticket*

# Website Upgrades → *PaaS*

**Responsible for their own upgrade process and timeframes**

- We want to help you where we can
  - This is also very tricky as you maintain your own code base
  - Have own internal processes
- Share the D11 compatibility report process
- If you're struggling with your maintenance plan
  - Set up a time – let's work together
- Drupal Core 10.5 is EOL & ceases Security Support in June 2026

# Preparation

# Drupal Core 10.5.x preview

## *Objectives Reminder*

*... upgrade SaaS websites from Drupal Core 10.5.x to 11.2.x*

- Currently Drupal Core 10.4.x
- Drupal Core 10.5.x preview
  - Likely be in August
  - We were waiting until after Drupal core 10.5.1 was released.
- Distribution will move to Drupal Core 10.5.x - September

*Correct as @ 16 July 2025*

# Tidy up Technical Debt

## Currently in Distro

- Block inactive users
- Config filter
- Mailsystem
- Panels
- Panels IPE
- Field Layout (Drupal Core)
- Forum (Drupal Core)

## Equivalent Functionality will remain

- Google Analytics
- Redirect 404 (submodule)

## In the Lagoon Layer

- Aggregator
- Adminimal
- ClamAV
- G8 Calendar Item
- G8 Foundations
- G8 Layouts
- G8 Modifiers
- Panelizer
- UI Starter Kit
- Video Embed Field
- Video Embed Media

## SaaS+

- Page Manager
- DVF
- Ckan connect

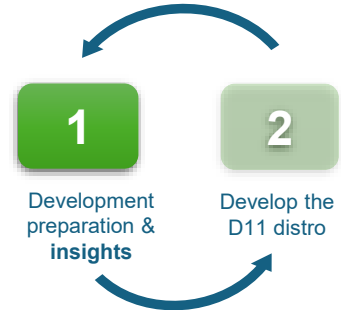

# Theme is your Responsibility

- Govcms\_Bartik
- Govcms8 UI Kit Starter
- Bartik
- Classy
- Seven
- Adminimal Theme
- Claro
- Gin

# D11 Compatibility Reports

Don't panic !

 Failed

 Easily identifiable as a job we ran on your project

 Failed It's a job intended to fail

→ There is no Drupal Core 11.x

→ So that it doesn't inadvertently deploy

```

2990 *****
2991 ATTENTION: This is a GovCMS initiated job in preparation for the D11 distribution coming in 2025.
2992 We are conducting D11 compatibility testing, which will inform our approach to the upgrade path from D10 to D11.
2993 Until your project is fully D11 compatible, you will continue to see some pipeline failures initiated by the GovCMS
    Service Account.
2994 This internal testing has no impact on your current build process. No deployment has been triggered.
2995 To ensure a smooth upgrade, you can get a head start by reviewing and resolving the issues highlighted:
2996 https://projects.govcms.gov.au/\[redacted\]/pipelines/1256028/test\_report
2997 *****
